

**Association for the Study of Obesity (ASO)
ASO Sponsorship Role**

ASO Sponsorship Role; member of the Operations Management Team; term of office up to 3 years/flexible

Role Description

The ASO Sponsorship Role will involve working with the ASO Sponsorship Lead (Dr Claudia Coelho) to build on the successful developments in ASO sponsorship for UKCO in recent years. The role will involve contributing to developing and delivering the sponsorship components of the ASO strategic plan. This will include identifying opportunities for sponsorship of ASO activities outside of UKCO, developing and updating an ASO sponsorship brochure, working with the Sponsorship Lead to develop a co-ordinated plan to initiate contact and liaise with potential sponsors, and contributing to reviews of the ASO sponsorship policy.

This position is in the Operations Management Team. It requires someone with excellent communication and networking skills, time management skills, and an understanding of ASO and potential sponsor priorities. It would be particularly suited to a clinical ASO member and/or those who have experience working with relevant sponsor organisations.

The time commitment for this role is expected to be approximately 1 day per month. This will include attending monthly 1-hour Operations Management Team meetings, an annual meeting of all operational team members usually held the day before UKCO (3 hours), and additional time spent outside of meetings developing and delivering on the role. There will be flexibility in the term of office which can be up to 3-years.

If you would like further information about this ASO role, please contact the ASO Office (asooffice@aso.org.uk).
